

SOUTH CAROLINA CHAPTER

INTERNATIONAL ASSOCIATION OF ASSESSING
OFFICERS

CANDIDATE'S CLUB

First of all, let me introduce myself. My name is Dians K. Sharp, SRA, RES, Chairman of the South Carolina Chapter, IAAO Candidate's Club.

The SCAAO Chapter welcomes and supports those of you who are currently in the IAAO Candidate's Club and encourages those of you who are not to consider participating in seeking one of the professional designations. Designations are an important measure of our standing in the organization and the benefits can be many.

The IAAO Designation Program consists of the following designations recognized internationally.

AAS, CAE, CMS, PPS, RES

The importance to earning a professional designation may be different for each of you. I can personally say that its importance to me was not from promises of monetary gain or promotions, but from self satisfaction and pride in knowing I had accomplished a goal that I had set out to achieve. I have also experienced increased confidence and credibility. This has definitely been the most important decision I have made in my assessment career.

It is my utmost desire and hope that I can encourage each of you to take the first step in working towards the designation that best suits you.

Please, let us know how we can help.

Dians K. Sharp, SRA, RES
